UNLEASH YOUR BRAND'S POTENTIAL
WITH CUSTOMIZED PACKAGING

Pack Rite

SOLUTIONS CORP.

WHO WE ARE

A reputable manufacturer and supplier of various packaging solutions.

By leveraging advanced manufacturing techniques and backed by a staff of professionals in the industry, we take our business forward with a commitment to quality.

WHAT WE DO

Our ability to **customize your products** is what sets us apart from the others. If you need a certain kind of packaging material, just get in touch with us and communicate your requirements

When we handle your order, we take care of two aspects – your precise requirements and your budget. All our packaging solutions are durable and functional.

WHAT WE OFFER

We specialize in high barrier flexible packaging that ranges from printed and plain roll stock to plain pouches and zipper stand up pouches.

Flexible Packaging
Plain and Printed Roll Stock
Full Service Co-Extrusion

Our passion is to deliver solutions that fit your packaging needs. Tailoring services to meet your requirements is always on the top of our priority list. This way, you don't have to incur additional costs.

SERVICES

Being a full service, flexible packaging company, we offer a wide range of services including packaging and providing troubleshooting solutions for any equipment issues. Customer service has always been one of our specialties.

We specialize in providing custom solutions. With technical know-how about packaging goods and a highly skilled team of technicians, we ensure that we meet every single packaging requirement for your business and more.

CERTIFICATIONS

At Pack Rite Solutions, we understand the importance of good packaging, and we are proud to be CFIA, FSSC, FDA, HACCP and ISO 9001 certified.

PackRite Solutions is committed to quality, consistency, and service. Food safety is of utmost importance to us, which is why we are fully FSSC 22000 Certified. This certification shows that we are taking the utmost precautions and care to protect consumers from a wide range of chemical, biological, and physical contaminants.

Our customers can be confident that the packaging we provide is produced to standards above and beyond government regulations.

**Industry-Specific Custom Pouches
for Superior Product Protection and Branding**

PLAIN AND ZIPPER STAND UP POUCHES

We have the best pouch for your product – it’s not just a vacuum bag! Choose from our stand-up pouches or zipper three sided seal pouches and print your pouch in up to 10 colours.

We make use of advanced manufacturing processes to create flexible, high barrier and sustainable pouches that offer high clarity and are resistance to atmospheric changes.

Our pouches are suitable for a wide range of applications/sectors including pharmaceuticals, personal care, industrial goods and food ie: meat, cheese, seafood, poultry, coffee, confectionery, pet food and more.

PLAIN & PRINTED ROLLSTOCK

We specialize in manufacturing cost effective, high quality roll stock that secures your products against air and moisture. Our roll stock is durable, flexible, printable and sustainable and suitable for packing meat, cheese, fish and poultry.

We can print up to 10 colours and have an in house graphics team to make your product more attractive in today’s competitive market. At Pack Rite Solutions we offer various types of packaging such as metallic, black, white and gold roll stock and 28% high EVA roll stock for skin packaging.

Vacuum bags provide excellent barrier protection and lock out moisture. Vacuum-sealed bags offer benefits such as :

- extended shelf life for perishable goods, preservation of flavor and nutritional content
- prevention of freezer burn
- reduction of food waste
- protection against external contaminants and spoilage

VACUUM BAGS

POLY BAGS

GUSSET & FLAT

Crystal clear, cello-style bags make product sparkle.

Resists moisture and grease

Gusseted poly bags provide several advantages for commercial use, including increased storage capacity, enhanced product visibility, improved packaging efficiency, resistance to punctures and tears, and compatibility with various filling and sealing methods

Sides expand to fit product, Bottom gussets allow expansion of bottom of bag for neater packaging of bulkier items.

**versatile & reliable
product packaging
solutions**

T-SHIRT BAGS

- Lightweight and durable construction for easy handling.
- Cost-effective and practical solution for businesses.
- Easy and convenient to carry for customers.
- Customizable branding options available.
- Water-resistant material for added protection.
- Versatile for retail and grocery applications.
- Eco-friendly options with recycled or biodegradable materials.

WICKETED BAGS

Wicketed poly bags offer several benefits and features:

- convenient and efficient dispensing for high-speed packaging operations
- easy loading onto automated packaging machinery
- reliable sealing for product protection
- enhanced visibility and branding opportunities
- cost-effective and versatile

Suitable for various industries such as food, retail, and manufacturing, thus streamlining production processes and promoting operational efficiency.
